

# NEW at the Festival of Faith 2009!

## SEARCHING FOR THE TREASURES OF FAITH

The **TREASURES OF FAITH** family activity is a scavenger hunt created to get the families moving around and exploring many of the areas at the Festival (Mission display, vendor booths, prayer space, etc.)

- ◆ As families look for each “treasure” they will be talking about their faith and learning about Catholic traditions.
- ◆ This activity is open-ended and families can choose how much they participate depending on the age and ability of the children attending the Festival.
- ◆ It also gives parents and children an opportunity to move around the Festival area together instead of attending a one-hour workshop.
- ◆ As each family registers, they will receive a packet with their child's **TREASURES OF FAITH** bookmark. There will also be an instruction sheet, map and directives for parents and children to find the treasures together.

For more information about the 2009 Catholic Festival of Faith and to access the on-line registration, please visit [www.catholicfest.org](http://www.catholicfest.org). The site also contains information about the keynote speakers, a number of interesting breakout sessions and additional information regarding Friday and Saturday evening events.
